Animals have Asthma Too! Les animaux souffrent aussi de l'asthme!

en français ci-dessous

One in one hundred cats suffer from asthma and many dogs suffer from chronic bronchitis. Equine respiratory disease is a major problem with prevalence reports ranging as high as 50% in racehorses.¹

Animal owners around the world depend on products from Trudell Medical International to help their animals breathe easier. Trudell Medical International has a strong history of leadership in creating innovative aerosol drug delivery devices that enhance the quality of life for people and animals suffering from respiratory disease including our flagship **AeroChamber**[®] brand of Valved Holding Chambers.
