

PARTICLE MAZE

Help the asthma medicine find its way deep into Sally's lungs.

PARENTS

Asthma is the #1 reason Canadian children visit emergency rooms.¹

Ensure you have your **AeroChamber*** for use at home and school. You never know when you will need it.

Coverage is Easy – If you are not covered under a public plan, most workplace insurance plans simply require the receipt and prescription with your claim.

Use **AeroChamber Plus*** **Flow-Vu*** Chamber with your inhaler.
